### Conditions of Use

1. No use is to be made of National Railway Museum research information or photographic imagery other than that stated on the request form. No further reproduction or storage of imagery is to be carried out other than for the stated purpose and research information must not be handed to a second party for use.
2. The granting of permission to use National Railway Museum photographic images or research information does not imply the transfer of copyright or exclusive rights to the material.
3. Photographic imagery must be credited to *National Railway Museum - Australia*, and must be printed in close proximity to the printed image(s) and the source information must be legible.
4. Research information must be credited to *National Railway Museum - Australia* in the bibliography of the publication or credits of the production.
5. Immediately after publication, the applicant agrees to supply the National Railway Museum with a copy of the publication or production at no cost to the Museum.

### Copyright

Where the name of the photographer or owner of a photograph is known and copyright has not been assigned to the National Railway Museum, it is the responsibility of the person requesting the use of the photograph to obtain permission in writing from the copyright holder for such use prior to any copy of the image being released. All photographs from the National Railway Museum collection used for publication must be credited to the National Railway Museum along with the name of the photographer or copyright holder.

I/We agree to the conditions which govern the reproduction of material from the collection of the National Railway Museum:
